Our Bible Story in Review

This week we learned about Moses and the burning bush. Exodus 3:1-4:17. Some questions you can ask your child are: Who was speaking to Moses? (God) Where was his voice coming from? (A burning bush) What did God ask Moses? (Help free his people) Did Moses think he could help? (No) Moses thought the people would not believe him so what did God do to his staff? (He told him to throw it down and it turned into a snake.) What did God do to Moses hand when he stuck it under his cloak? (First he made it covered with sores, then he healed it.) Next week we will be learning about how Moses helped the Israelites cross the Red Sea.

Last Call for Wreaths!!

Wreath orders and money due on Monday.

Peacock Road Trees for Troops Field Trip

We will be visiting Peacock Road Tree Farm to participate in the Trees for Troops program. We will be purchasing a Christmas tree to be given to a military family for the holidays.

Our trip is planned for Wednesday, Dec. 3rd at 9:00am. I will be sending home more info next week.

Our focus letter was letter

T.

We looked at our focus letter picture and poem to learn that iguana, ice, ice skating, igloo, ink and ice cream begin with the letter 'T'.

Art

We began working on handprint turkeys this week. We also added letter 'T' to the easel paper for children to paint.

Our open art area had new stickers and stencils added to the supplies children can select to use daily during free play.

Sensory Table

Our sensory table had shredded paper and scissors in it this week. The preschoolers were a little messy with this area on Monday and got a note from Ms. Missy, one of our janitors. They did much better cleaning up on Tuesday and even got a happy face note from Ms. Missy for all their hard work. Way to go preschoolers!

Small Group

During one small group this week, the children were given multi-colored mini marshmallows and toothpicks. Each child was given a tray with the materials and they were allowed to use them however they wanted. Here is a sampling of what they created: people, caterpillars, flowers, and snakes. The children interacted with the materials and created for over 10 minutes. The language was wonderful during this activity. The children were comparing and making loads of observations of each other's creations.

Misc. Info.

- Nov 10th = Wreath orders and \$ due
- Nov 13th = MSU class, "1,2,3 Math" 6-7:30pm, \$5.00 per adult Sign up in the hall across from the office.
