The Last Supper John 13: 1-15

The following are some questions you can ask your child about the Bible story: What were Jesus and the disciples doing? (Getting ready to eat) What did Jesus do? (He began to wash the disciple's feet) What did the disciple Peter ask him? (Why are you washing my feet?) Who did Peter think should be washing their feet? (He thought he should be doing the washing) Why was Jesus washing their feet? (To show them that he cared about them)

When Jesus washed the disciples' feet, it showed us that he was willing to help. He didn't just talk about being kind to others, he showed kindness.
